## Add a New Market: Sell in another country

Walmart Marketplace México Walmart Canada Marketplace

Walmart Marketplace is excited to announce the launch of the 'Add a New Market' pilot feature! With this new feature, eligible sellers can now expand their business to Canada Marketplace and Mexico Marketplace with a smoother onboarding process!

Diversify your selling portfolio with Walmart's international Marketplaces in Canada and Mexico.

**17 Million** unique monthly visitors to **Walmart.ca**

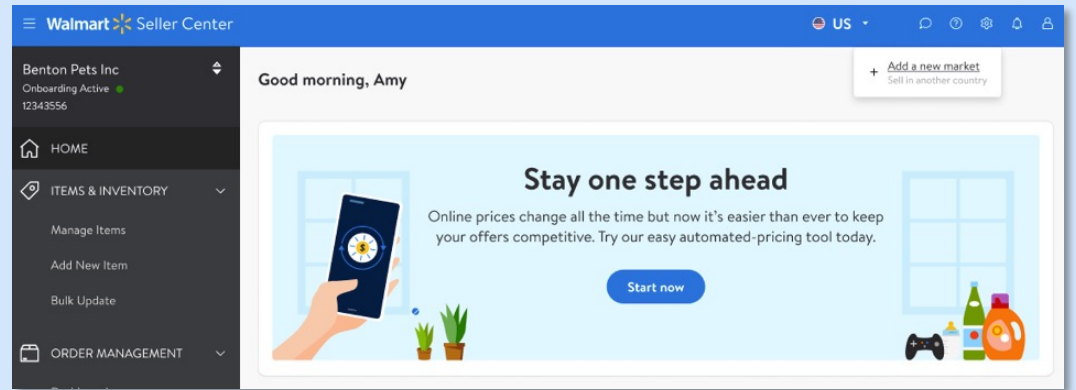

**26 Million** unique monthly visitors to **Walmart.com.mx**

Both markets offer in-market WFS solutions, as well as discounted shipping rates from known carriers.

Assistance is available to help you bring your US catalog to Canada and Mexico.

Expand today with the help of our onboarding specialists!

### 1. Adding a new market begins in your US Seller

Log into seller.Walmart.com

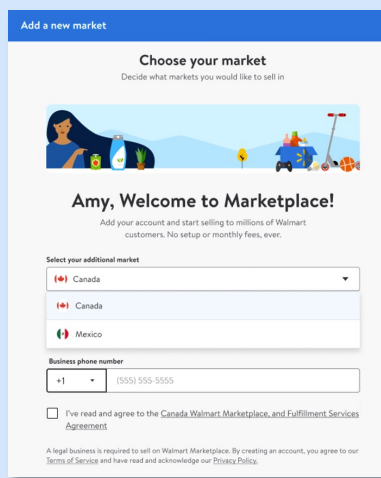

Click on the Flag icon and select 'Add a new market' from the drop down

### 2. Select Market

Select Canada or Mexico

Select your area code

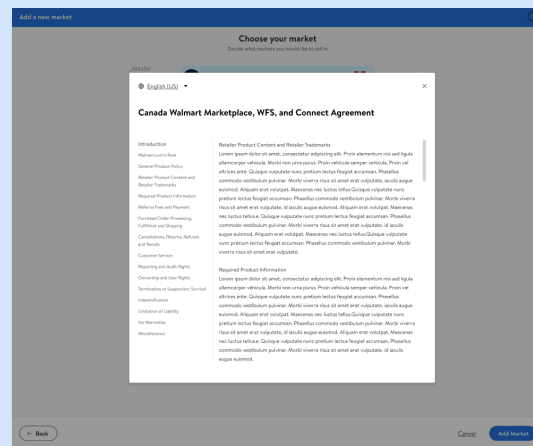

Enter your business phone number

### 3. Complete Agreement

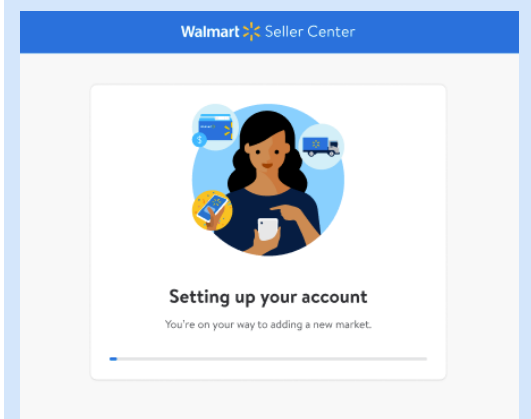

Review Terms and Conditions

Click Add Market

### 4. Gain Access

Wait a moment and then you will be directed to the Seller Center account for the new market

### 5-7. Complete your new market account – Verification, Payments, and Shipping

Click on 'Get Verified' to review your U.S. information being pulled by the system is correct

Setup your payments with Payoneer

Complete your shipping settings (Mexico will require a Mexico return address)

Once these 3 steps are completed, start loading your inventory!
